ANNUAL W.I. FRUIT, VEGETABLE AND FLOWER SHOW

Several of the Connaught residents enjoyed visiting the Annual W.I. Fruit, Vegetable and Flower show on Saturday 20th July.

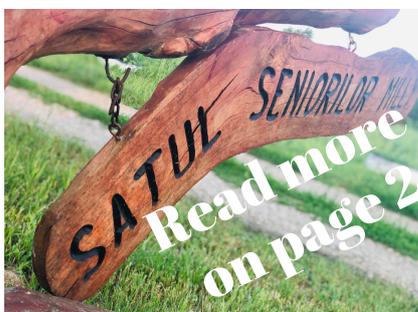

The gardening club have worked hard over the last year and it was no surprise that recognition was given for their efforts. The club received first and two second prizes for gooseberries, tomatoes and courgettes respectively.

THANK YOU FOR YOUR DONATION

Members of the pub quiz teams at the Coronation pub have handed over £1,000 cash towards the Garden Fund at the Connaught Care Home.

Each team members pay £1 to enter the weekly general knowledge challenge at the 'Corrie' and the winning team then chooses which charity will benefit.

Milly's 'TWIN' Care home

MEET OUR TEAM

Janene Audoire - Home Help

Janene has worked as a home carer since the Connaught started this service. She is one of the busiest and the best home helps we could ask for.

She is lovely and very well known in the community. Nothing is too much for her.

We are pleased she is part of our team.

ALDERNEY WEEK 2019

Preparation, The man powered flight on Tuesday, The Daft Raft Race on Wednesday, Scavenger Hunt and Fashion Show on Thursday. What a fantastic week it was.

A big thank you to Alderney week team for their hard work and brilliant entertainment.

Milly's 'TWIN' Care home

Upon being approached to deliver training in Milly's Village plans were made for Petra and Lisa to visit Milly's Village in Buhusi, Romania, with the objectives to deliver training, the brief being the subject of dementia and to work on the development of website. We were also aiming to visit several projects including home visits and day centers for children and older adults.

Petra and Lisa left Alderney on Wednesday 19th June to Southampton. They traveled to Luton airport, staying overnight to get the first morning flight, arriving at Bacau airport late Thursday afternoon.

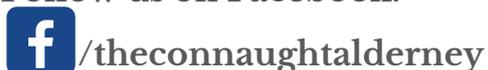

The first thing they noticed was the incredible heat and humidity when coming off the plane, however, customs was quick and they were soon in an air conditioned car with Gabi Achihai the president of FSC, who had kindly come to pick us up.

They spent a week there visiting different projects, delivering training and were made to feel very welcome.

Let the photos speak for themselves.
